## Wildland Fire Safety Summit CD Order

The CD costs \$25 (US) with shipping, and includes files and the submitted papers from the following Safety Summits:

- Rossland, British Columbia, Canada, Sept. 29- Oct. 2, 1997
- Winthrop, Washington, USA, October 26-29, 1998
- Sydney, New South Wales, Australia, November 2-5, 1999
- Edmonton, Alberta, Canada, October 8-10, 2000
- Missoula, Montana, USA, November 6-8, 2001
- Luso, Portugal, November 18-23, 2002
- Toronto, Ontario, Canada, November 18-20, 2003
- Missoula, MT, USA, April 26-28, 2005
- Pasadena, California, USA, April 25-27, 2006

Proceedings have been produced in one form or another from all of the summits except the second one in Winthrop. We have endeavored to include as much written documentation (e.g., recommendations, breakout group discussions) of the summits on the CD as possible, including the program and abstracts for the Winthrop summit, in the interest of creating an institutional memory for the IAWF and in turn the entire global wildland fire community.

We apologize ahead of time for any errors. We had problems with some of the files from the 2002 safety summit. As a result not all of the papers can be accessed through this document. Except for some editing to try and instill a common format, papers are as submitted by the authors and have not gone under any peer-review by the IAWF other than that undertaken by the authors themselves prior to submittal. As with any written document of this length and complexity we acknowledge that errors will exist, we have attempted to keep the manuscripts as close as possible to the original form submitted by the authors while formatting within a general set of guidelines.
