4th International Smoke Symposium (ISS4)

The International Association of Wildfire is pleased to welcome you to the 4th International Smoke Symposium (ISS4), to be held in Tallahassee, Florida, March 23-27, 2026.

We know many of you have already heard the [heartbreaking news](#) that the historic Beadel House at Tall Timbers was struck by lightning yesterday and ultimately lost to the resulting fire. While we are deeply saddened by this tragedy, we are grateful that no one was injured.

This loss has shaken not only the Tall Timbers community, but the broader fire community as well. As we are gathering next week, we ask that you keep the Tall Timbers team in your thoughts as they navigate this difficult moment.

The event will continue as scheduled, and we appreciate your support, compassion, and solidarity during this time.
